PHA Source of Funds Certification

As the Board Chairperson of this Public Housing Authority (PHA), I hereby certify the following representations of this PHA in connection with our application for SFY 2011 CHIP funds. This Certification is incorporated into the application for CHIP assistance. By my signature, this PHA agrees to the following:

1. To support the application of the PHA for CHIP funds.
2. To implement the CHIP assistance such that no Operating or Capital Funds, as defined by the Department of Housing and Urban Development (HUD), of the PHA will be used in connection with the CHIP funds. The PHA understands that federal statutes prohibit the pairing of Operating or Capital Funds with HOME funds and that any such pairing would be in violation of the Annual Contributions Contract between HUD and the PHA.
3. To accept all financial risk for any resources expended by the PHA in association with the CHIP funds, including any costs incurred for personnel expenses, and to ensure that all resources utilized for the application for and implementation of the CHIP funds are and will be resources unassociated with the Annual Contributions Contract between the PHA and HUD. DCA will be under no obligation to reimburse the PHA for any costs incurred while developing or implementing the CHIP funds except as outlined in the CHIP Program Description.
4. To meet all DCA established deadlines as outlined in the CHIP Program Description.
